

FELLOWS AT **CARVE**TM

Clinically Relevant Vascular
& Endovascular Surgery

Vail, Colorado | February 18–20, 2018

PROGRAM OVERVIEW

MINNEAPOLIS RADIOLOGY & VASCULAR
RESEARCH FOUNDATION

OVERVIEW

Fellows at CARVE, an innovative educational program designed specifically for Fellows in Training, introduced last year and met with great enthusiasm, returns in 2018!

Held in conjunction with the CARVE conference—now in its 11th year—**Fellows at CARVE** brings all of the insights and interactivity of CARVE to this important audience. Fellows will experience the spirit of cross-collaboration so important in clinical practice, gaining a better understanding of the intertwined roles of interventional radiology, vascular surgery and interventional cardiology. This invitation-only educational event kicks off with a welcome reception and dinner, followed by a full-day of didactic presentations, panel discussions, debates, and a structured technology exhibition showcase. On day three, the program dovetails nicely with the kick-off of the CARVE meeting which features a Fellows Case Competition. All Fellows are invited to extend their experience and participate in CARVE with complimentary registration.

Industry Support

The Minneapolis Radiology & Vascular Research Foundation is delighted to partner with industry organizations to offer this unique program. Industry support is critical and enables up to 25 applicants the opportunity to attend the Fellows at CARVE program by providing travel allowance and lodging.

Audience

This program is designed for Fellows training in the fields of vascular surgery, interventional radiology, and interventional cardiology, and senior-level vascular surgery residents. A demographically diverse group of approximately 25 Fellows will be invited to participate in the program based on applications submitted by December 3, 2017.

Program Format

This program features lectures supplemented with expert panel discussions, debates, and networking opportunities to allow interactive learning and an in-depth understanding of the program's core concepts.

Technology Exhibition

Exhibitors have the unique opportunity to showcase their innovations during a technology exhibition with extensive one-on-one with Fellows. Fellows will be encouraged to interact with all exhibitors.

- At the beginning of the technology exhibition, each Fellow will be given a “report card” that can be stamped by booth representatives after completion of the booth activities. The report card serves as an incentive to encourage Fellows to visit with all exhibitors.
- In a structured fashion, Fellows will rotate to each booth where they will have exposure to featured devices and technology.
- Each rotation will last approximately 10 minutes.
- At the completion of the exhibition, all completed “report cards” will be entered into a drawing for a prize.

Fellows Mentorship Program

New this year, Fellows at CARVE will have a unique experience to share candid conversation with a senior CARVE participant or faculty member. Fellows and mentors will be paired up based on specialty, desired career paths, and mutual interests. Mentors and Fellows will be given time during the CARVE Welcome Reception to meet and socialize in a relaxed environment, focusing on job search, career pitfalls, networking, and making “the leap” from fellow to attending.

OVERVIEW

Industry Dinners

As all attendees will come from different areas of training and specialties, we aim to provide exposure to technology and devices they may not have seen or heard of in the past. In addition to the technology exhibition, 2-3 Fellows will be paired up with an organization they may not have had much exposure to during their training thus far. Each participating industry organization will then be responsible for continuing conversation over dinner. Each participating organization will be responsible for arranging their own dinner reservations.

Case Competition

An anticipated highlight of the program is the “The Best and The Worst” Case Competition. In addition to attending lectures and the technology exhibition, each Fellow must present a short case to qualify for travel reimbursement.

- Each Fellow will be prepared with two case presentations, a “best case” and a case where an unexpected complication occurred, highlighting how the Fellow got out of trouble. Which case the Fellow will present will be assigned on the spot.
- Fellows will have five minutes to present their case, followed by up to two minutes of questioning by a panel of judges.
- After every Fellow has presented their case, the judges deliberate and will announce the top three case presentations. Prizes will be awarded.
- All cases must be endovascular, either arterial or venous in nature. Coronary cases or open surgical cases will be disqualified. Hybrid cases are permitted.
- Cases will be published subsequent to the meeting on the CARVE website.

1st Annual Women of CARVE Luncheon

CARVE and Fellows at CARVE are honored to present the 1st Annual Woman of CARVE Luncheon. This new experience will take place over lunch on Tuesday, February 20th, after the Fellows at CARVE case competition. The Luncheon is open to all female CARVE attendees as well as female Fellows at CARVE. Key female leaders within industry will join the luncheon to discuss national trends in vascular interventions, networking, career advances, and professional obstacles as they pertain to women.

Apply Now

All applications may be submitted online at www.CARVE-CME.com/Fellows. The deadline for application is December 3rd. Applicants will be notified of their invitation to participate no later than December 17th. In addition to the application, all fellows must upload two original case abstracts. Formal instructions can be found at www.CARVE-CME.com/Fellows.

Sponsor

This activity is sponsored by the Minneapolis Radiology and Vascular Research Foundation.

Program Chair

LOGISTICS

Dates

Sunday, February 18–Tuesday, February 20, 2018

Venue

Four Seasons Resort–Vail, www.fourseasons.com/vail, will host the first annual Fellows at CARVE program.

Hotel Accommodations

Evergreen Lodge will provide accommodations for attendees and faculty. The property is conveniently located two blocks from the conference venue in Vail Village. Just a short walk away you'll find a selection of gourmet restaurants and charming shops.

Transportation

Air travel and ground transportation will be arranged by individual Fellows and industry partners. Fellows will be provided a maximum \$600 travel allowance upon completion of the course, participation in the case competition, and submission of air and ground receipts. All attendees should plan to arrive at Denver International Airport (DEN) or Eagle Vail Airport (EGE). Recommended ground transportation is available from Colorado Mountain Express, www.coloradomountainexpress.com. Departures are scheduled based on air arrival times.

Fellows should plan to arrive in Vail to participate in the Sunday night welcome reception.

Weather

February temperatures typically range from 15-40 degrees Fahrenheit.

Attire

The recommended attire for the Fellows at CARVE program is casual to business casual.

FELLOWS PROGRAM AGENDA

Sunday, February 18

Location to be announced

6–7 pm	Reception Check-in Social Hour
7–7:05 pm	Welcome <i>Frank Vandy, MD</i>
7:05–8 pm	Small Plates and Industry Pipeline Presentations

2:30–2:45 pm	Return to Four Seasons
2:45–5:15 pm	Fellows Hands-on Technology Show
5:15 - 5:30 pm	Wrap-up and Survey
7–9 pm	Industry Dinners

Monday, February 19

Four Seasons Vail–1 Vail Road, Fulford Room

7–7:45 am	W.L. Gore Breakfast Symposium
7:45–7:50 am	Welcome and Introduction <i>Frank Vandy, MD</i>
7:50–8:20 am	Medical Device from Concept to Market <i>Lindsay Machan, MD</i>
8:20–8:50 am	Partnering with Industry— How Both Sides Benefit <i>Frank Vandy, Industry Panel</i>
8:50–9:10 am	Compliance and the Sunshine Act <i>Joan Stone, CPA, CFO</i>
9:10–10 am	Health Care Economics 101 <i>Pat Basu, MD</i>
10–10:15 am	Break
10:15–11:30 am	Who's My Employer—Finding the Ideal Job <i>Troy Roovers, MBA, MHA</i>
11:30–12:15 pm	Real Life Financial Planning for the New Physician <i>Marshall Gifford, CLU, ChFC</i>
12:30–2:30 pm	Off-site Lunch—Location to be announced Fellows Roundtable Debates Panel Discussion and Anonymous Note Card Questions <i>Bill McMillan, MD, Scott Schultz, Venita Chandra, MD</i>

Tuesday, February 20

Four Seasons Vail–1 Vail Road, Bighorn Ballroom

6:45–7:30 am	Medtronic Fellows Breakfast Symposium
7:30–9:45 am	Fellows Sessions in Conjunction with CARVE Meeting
9:45 am–1 pm	Fellows Case Competition
1 pm	1st Annual Women of CARVE Luncheon Location to be announced
5:30–7 pm	CARVE Welcome Reception Fellows Mentor Exchanges

PROGRAM FACULTY

Frank Vandy MD – CARVE Fellows Program Chair and Founder, Vascular Surgeon, Minneapolis Vascular Physicians

Pat A. Basu, MD, MBA – Senior Vice President, Optum and United Healthcare, Former White House Fellow

Jennifer O. Blake, JD – Attorney, Smith Blake Hill, LLC, Chicago, IL

Alan Block, DPM – Podiatrist, Columbus Podiatry and Surgery

Venita Chandra, MD – Clinical Assistant Professor, Surgery – Vascular Surgery, Stanford Medicine, Stanford, CA

Marshall Gifford, CLU, ChFE – Senior Partner, North Star Resource Group

Lindsay Machan, MD – Interventional Radiologist, Vancouver, British Columbia

William D. McMillan, MD – Co-founder and Vascular Surgeon, Minneapolis Vascular Physicians, Minneapolis, MN

Troy J. Roovers, MBA, MHA – Chief Executive Officer, Minneapolis Radiology and Minneapolis Vascular Physicians, Minneapolis, MN

Scott R. Schultz, MD, FACR – Co-founder, Interventionalist and President, Minneapolis Radiology and Minneapolis Vascular Physicians, Minneapolis, MN

Joan Stone, CPA – Chief Financial Officer, Minneapolis Radiology and Minneapolis Vascular Physicians, Minneapolis, MN
