

## PROGRAM AGENDA

### TUESDAY, FEBRUARY 18th

---

- 7:00 – 7:15 am Welcome and Course Overview  
Scott Schultz, M.D. and Bill McMillan, M.D.
- 7:15 – 7:45 am Innovations in Iliac Branched EVAR \*  
Jon Matsumura, M.D.
- 7:45 – 8:15 am Drug Eluting Technology – The View from the Experts \*  
Jon Matsumura, M.D., Scott Trerotola M.D., Gustavo Oderich, M.D., Lindsay Machan, M.D.
- 8:15 – 8:45 am Venous Stents: Hot New Technology. New Indications and Procedures? \*  
Scott Trerotola, M.D.
- 8:45 – 9:15 am Stent Grafts for Dissection in the Aorta, What's really Relevant. \*  
Gustavo Oderich, M.D.
- 9:15– 9:30 am Break
- 9:30 – 10:00 am Stent Grafts for Aortic Trauma  
Lindsay Machan, M.D.
- 10:00 – 10:30 am Type II Endoleaks, We know everything about them – Except Natural History, Diagnosis and Treatment, What's Relevant.  
Lindsay Machan, M.D.
- 10:30 – 11:00 am What's in the Pipeline for Stent grafts and What you need to know.  
Gustavo Oderich, M.D.
- 11:00 – 11:45 am Complications Session - EVAR/TEVAR  
Matsumura, Oderich, Chandra, McMillan
- 11:45 – 1:15 pm BREAK
- Women of CARVE Luncheon at FROST
  - Lunch on your own
- 1:15 – 4:30 pm Fellows Case Competition Presentations  
Moderator - Frank Vandy plus panel
- 4:30 – 4:45 pm Break
- 4:45 – 5:30 pm Physician Entrepreneurship – The Next Big Advances in Healthcare  
Pat Basu, M.D., MBA
- 5:30 – 6:30 pm Welcome Reception  
All Participants Welcome

## WEDNESDAY, FEBRUARY 19th

---

- 7:15 – 7:45 am Artificial Intelligence will Change how we Practice  
Lindsay Machan, M.D.
- 7:45 – 8:15 am IVC Filters, no longer indicated in Trauma? Complex Filter Retrievals – 500 cases  
Scott Trerotola, M.D.
- 8:15 – 8:45 am Type 2 Endoleaks: A Case based algorithm  
Darren Schneider, M.D.
- 8:45 – 9:15 am Carotid Stents - the Most Relevant Data and What it Means in your Practice.  
Jon Matsumura, M.D.
- 9:15 – 9:45 am Intra Arterial Stroke treatment, what's really relevant for your hospital and community  
CARVE Faculty, M.D.
- 9:45 – 10:00 am Break
- 10:00 – 10:30 am Latest advances in Stroke treatment algorithms and technology  
CARVE Faculty, M.D.
- 10:30 – 11:15 am RVUs—Rosetta Stone or Alphabet Soup?  
Troy Roovers, MBA, MHA
- 11:15 – 11:45 am Healthcare Leadership in the Era of Patient-Centered, Value-Based Healthcare  
Peter Kalina, M.D., MBA
- 11:45am – 2:45pm Interventional and Vascular Healthcare Poster Session
- AV Access for Experienced Surgeons \*  
Bill McMillan, M.D.
- Relevant Experience and Outcomes in an Outpatient Dialysis Access center. \*  
Scott Schultz, M.D.
- Amputation, What's Relevant Today \*  
Mark Nehler, M.D.
- Artificial Intelligence in Diagnosis, Imaging and Training? \*  
Steve Johnson, M.D.
- Relevant Cyber Security for your business and professional Technology. \*  
Chris Anderson.
- Mental Illness and Cardiovascular Disease: Is there a link? \*  
C / J Stone
- 2:45 – 3:15 pm BREAK
- 3:15 – 3:45 pm Acute Limb Ischemia – Relevant Surgical Triage and Treatment  
Mark Nehler, M.D.
- 3:45 – 4:15 pm Acute Limb Ischemia, Thrombolytics, Tough Cases and Difficult Clinical Decisions  
Steve Johnson, M.D.

- 4:15 – 4:45 pm    Interventional Oncology - The Latest Relevant Techniques and Tips \*  
Kari Nelson, MD, FSIR
- 4:45 – 5:15 pm    Interventional Oncology – The Lesions you should treat now and how\*  
Kari Nelson, MD, FSIR
- 5:15 – 6:00 pm    Potpourri of Complications  
Panel

## **THURSDAY, FEBRUARY 20th**

---

- 7:15 – 7:45 am    Dealing with difficult access for Aortic procedures. \*  
Gustavo Oderich, M.D.
- 7:45 – 8:15 am    Tips and Tricks for Ultra-calcified Peripheral Vascular Disease \*  
Venita Chandra, M.D.
- 8:15 – 8:45 am    Retrograde Access, When Is and When Isn't it Appropriate? \*  
Venita Chandra, M.D.
- 8:45 – 9:15 am    Stents and Stent grafts in the SFA, What's the data and What's relevant? \*  
Rich Saxon, M.D.
- 9:15 – 9:30 am    Break
- 9:30 – 10:00 am   Covered Stents and Endografts for Aortic and Iliac Artery Occlusive disease.  
Darren Schneider, M.D.
- 10:00 – 10:30 am   Modern Treatment Options for Failing and Failed EVAR.  
Darren Schneider, M.D.
- 10:30 – 11:00 am   Real Life Algorithms in the Treatment of PAD in the post Drug Eluting Era  
Richard Saxon, M.D.
- 11:00 – 11:45 am   Complications Session - Peripheral Vascular  
Saxon, Schultz, McMillan
- 11:45 – 12:00 pm   Wrap Up Discussion  
Turn in Evaluations and Adjourn  
Scott Schultz, M.D. and Bill McMillan, M.D.

- - Eligible for Self-Assessment Credits
