

## PROGRAM AGENDA

### TUESDAY, FEBRUARY 22

---

- 7:00 – 7:15 am Welcome and Course Overview  
Scott Schultz, M.D. and Bill McMillan, M.D.
- 7:15 – 7:45 am EVAR Anatomic Candidacy with Contemporary Devices \*  
Jon Matsumura, M.D.
- 7:45 – 8:15 am Optimization of Landing Zones for TEVAR and EVAR \*  
Gustavo Oderich, M.D.
- 8:15 – 8:45 am Aortic Infections, Clinically Relevant Ways to Manage  
Gustavo Oderich, M.D.
- 8:45 – 9:15 am Patterns of growth of small AAA: Usually Predictable and Linear  
Jon Matsumura, M.D.
- 9:15 – 9:30 am Break
- 9:30 – 10:00 am Iliac Branch Devices, How and When to use them  
Gustavo Oderich, M.D.
- 10:00 – 10:30 am Pathophysiology of Spinal Cord Injury in TEVAR and TAMBE \*  
Mimi Wynn, M.D.
- 10:30 – 11:00 am False Lumen Obliteration as Adjunct in Management of Descending Aortic Dissections \*  
Mel Sharafuddin, M.D.
- 11:00 – 12:15 pm Fellows at CARVE Case Competition – Part 1  
Co-Chairs & Moderators – Chris McAninch, M.D. and Chris Stampe, M.D.  
plus Physician Judges
- 12:15 – 1:45 pm CARVE Luncheon
- 1:45 – 3:15 pm Fellows at CARVE Case Competition – Part 2  
Co-Chairs & Moderators – Chris McAninch, M.D. and Chris Stampe, M.D.  
plus Physician Judges
- 3:15 – 3:30 pm BREAK
- 3:30 – 4:00 pm Role of AI in Common Endovascular Procedures  
Nishita Kothary M.D., FSIR
- 4:00 – 4:30 pm Implicit Bias--How and Why to Increase Diversity on the Podium?  
Venita Chandra, M.D., FACS
- 4:30 – 5:00 pm Racial Inequities in Healthcare Delivery - What have we learned based upon the events of 2020?  
Pat Basu, M.D., MBA
- 5:00 – 5:30 pm Politics and Healthcare, What's the Latest from Our Nation's Capital?

Pat Basu, M.D., MBA

5:30 – 5:45 pm Fellows at CARVE Case Competition - Finalists

5:45 – 7:00 pm Welcome Reception  
All Participants Welcome

## WEDNESDAY, FEBRUARY 23

---

- 7:15 – 7:45 am Advances in Tibial Interventions, New tools to Improve Luminal Gain in this space, Even in heavily Calcified Lesions  
Venita Chandra, M.D., FACS
- 7:45 – 8:15 am We All Missed a Year during COVID -- What's new in PAD intervention?  
Richard Saxon M.D., FSIR
- 8:15 – 8:45 am Embolization Devices, What's New in High Flow Lesions and Fibered Coils? \*  
Scott Trerotola, M.D., FSIR
- 8:45 – 9:15 am Long Segment SFA occlusions -- With all the available Tools, What do you do? \*  
Richard Saxon, M.D., FSIR
- 9:15 – 9:45 am COVID Vascular Complications, What are they and How do we treat them?  
Lindsay Machan, M.D.
- 9:45 – 10:00 am BREAK
- 10:00 – 10:30 am VOYAGER PAD Trial - The Latest Results and Implications \*  
Mark Nehler, M.D.
- 10:30 – 11:00 am Pooled Analysis of CREST and ACT1 – Current Status of Carotid Stenting \*  
Jon Matsumura, M.D.
- 11:00 – 11:30 am Intra Arterial Stroke treatment, How we do it  
Don Frei, M.D.
- 11:30 – 12:00 pm Latest Advances in Stroke Algorithms and Technology  
Don Frei, M.D.
- 12:00 – 12:30 pm Role of Physician Device Preference in Cost Containment in Common Endovascular Procedures  
Nishita Kothary, M.D., FSIR
- 12:30 pm – 3:00 pm Interventional and Vascular Healthcare Poster Session
- Lymphocele and Wound complications following Femoral exposure, tips to limit them in your practice \*  
Bill McMillan, M.D.
- COVID and Outpatient Vascular Care, Real Word Impact and Future implications \*  
Scott Schultz, M.D., F.A.C.R.
- COVID and IT, What IT changes in Healthcare are here to Stay? \*  
Chris Anderson.
- Interventional Oncology – The Latest Devices and Indications \*  
Nishita Kothary, M.D., FSIR
- Delayed Neurologic Deficit after TEVAR, TAMBE, and EVAR--Strategies to Manage in the Real World \*  
Mimi Wynn, M.D.

- 3:00 – 3:30 pm BREAK
- 3:30 – 4:00 pm Interventional Radiologists' Six "Customers" \*  
Peter Kalina, M.D., MBA
- 4:00 – 4:30 pm COVID, Shortages and Back orders: How to Manage Patient Care  
Scott Trerotola, M.D., FSIR.
- 4:30 – 5:00 pm IR and COVID: Lessons Learned and Opportunities Gained  
Lindsay Machan, M.D.
- 5:00 – 6:00 pm Potpourri of Complications  
M.D. Panel

## THURSDAY, FEBRUARY 24

---

- 7:15 – 7:45 am Drug Coated Balloons in AV access – Why and When? \*  
Scott Trerotola, M.D., FSIR
- 7:45 – 8:15 am Prostate Artery Embolization -- Where is it and Where is it going? \*  
Richard Saxon, M.D, F.S.I.R. and Steve Johnson M.D., F.S.I.R
- 8:15 – 8:45 am Mechanical Thrombectomy for PE: The New Frontier?  
Steve Johnson, M.D., F.S.I.R.
- 8:45 – 9:15 am Percutaneous AVF Creation--The Latest Devices and Data.  
Eric Scott, M.D.
- 9:15 – 9:45 am Athrectomy: The Real Data and How and When I use it!  
Eric Scott, M.D.
- 9:45 – 10:00 am Break
- 10:00 – 10:30 am Outpatient Site of Service, It's the Future--How to Win the Game  
Troy Roovers MBA, MHA
- 10:30 – 11:00 am How to Manage Stress as a Healthcare Worker Even during a Pandemic.  
Steve Johnson, MD, FSIR
- 11:00 – 12:00 pm Complications Session - Peripheral Vascular  
Saxon, Schultz, McMillan
- 12:00 – 12:15 pm Wrap Up Discussion  
Turn in Evaluations and Adjourn  
Scott Schultz, M.D. and Bill McMillan, M.D.

- - Eligible for Self-Assessment Credits
